USAG Grafenwoehr Motorcycle Safety Training Schedule
2nd/3rd Quarters FY 07

The USAG Grafenwoehr will be offering Motorcycle Operator Training at Grafenwoehr and Hohenfels. The Experienced Rider Course (ERC) approved MSF course will be offered at each location. The Basic Rider Course (BRC) will be offered at Grafenwoehr on demand when a minimum of **4 students** request training.

1. The Basic Rider Course (BRC) consists of 16 hours of combined classroom and practical instruction. This course of instruction is required for personnel applying for a first time USAREUR motorcycle operator endorsement and cannot produce a MSF completion certificate.
2. The Experienced Rider Course (ERC) consists of 5-8 hours of practical instruction and does not involve classroom work. Attendees should plan on being outside the entire day and dress appropriately. USAREUR personnel who either renew or apply for a motorcycle operator endorsement, have in their possession a MSF course completion card over 3 years old, will be required to attend this course before issuance of a permanent operator endorsement.
3. Motorcycle license applicants or renewals requiring instruction will be issued a 60 day temporary operating permit by the Drivers License Testing Station providing that all other requirements are met IAW AE 190-1. The USAG Grafenwoehr will be conducting ERC sessions at both training locations. Personnel, who unsuccessfully complete the course, will be asked to return at a later date and complete the 2 day BRC. Training will be conducted on the scheduled dates (below) unless a condition exists that would make instruction unsafe. The maximum number of riders is six per instructor. All of the scheduled courses have two instructors and a maximum of 12 attendees per course. See course schedule below.
4. Winter weather in the Grafenwoehr/Vilseck/Hohenfels areas normally precludes holding motorcycle safety training due to hazardous road conditions. Normally, training will commence at the end of March and conclude at the end of November. The safety office will maintain a list of riders who request MSF training. When weather permits, the individuals will be notified, and classes will be conducted with due priority to operators who have license issues pending.

USAG Grafenwoehr Motorcycle Safety Training Schedule 2nd and 3rd Quarters FY 07

5. Proposed course dates for the second and third quarters FY-07 are shown below. As needs dictate this schedule will be expanded to meet demand. **ERC minimum class size is 3 riders.** This schedule will be supplemented as needed if demand exceeds the schedule capacity. **Rain conditions will not cancel scheduled instruction and riders need to dress appropriately (IAW AE 190-1). Improperly attired riders and motorcycles, that do not meet equipment standards IAW AE190-1 or are deemed mechanically unsafe, will not be allowed to participate.**

6. ***FAILURE TO ATTEND A SCHEDULED COURSE WITHOUT GIVING A MINIMUM OF 24 HOUR NOTICE OF CANCELLATION TO USAG-G GRAFENWOEHR SAFETY OFFICE (DSN 475-1470), WILL RESULT IN A 90 DAY INELIGIBILITY TO ENROLL IN MSF COURSES AT GRAFENWOEHR/HOHENFELS.***

a. **Grafenwoehr** – Camp Kasserine training course. A map to Camp Kasserine is shown on the following pages. START TIME IS 0900!
